BIBI Thought for the Week:

"Teaching the deaf is less difficult than is commonly supposed. We merely have to introduce into their minds by way of the eye what has been introduced into our own by the ear. These two avenues are always open, each leading to the same point provided we do not deviate to the right or left, whichever one we choose."

Charles-Michel De L'Epee, 1776

The ISD Campus Bulletin is published weekly throughout the school year.

Submissions should be sent to:

**Visitor & Information Center, Alumni Hall
Room # 133**

Deadline - Mondays

Editor - Gary McWhirter
